# HIVE Workspaces

Managed Workspaces for Remote & Hybrid Employees

# Workforce Challenge

Many skilled employees prefer to remain in their hometowns rather than relocate to major cities.

## *Challenges faced by organizations:*

- *Employee relocation resistance*
- *Productivity issues while working from home*
- *Lack of professional work environment*
- *Expensive branch office expansion*

The result:  
Increased operational costs and loss of valuable talent.

# Solution

Hive Workspaces provides professionally managed workspaces for remote and hybrid employees.

Employees gain access to:

- Dedicated workstations
- High-speed internet
- Reliable power backup
- Meeting rooms
- Professional office environment
- Secure access and monitoring

Companies can support distributed teams without investing in additional branch offices.
